April 1, 2021

As mentioned at our Annual Convention, the OSBCU is committed to connecting with more of our members.

We are pleased to announce the creation of semi annual classification and committee forums!

These events are free, offered in both French and English (based on registration) and available to all members of the OSBCU! Registration is required for these events.

Please see the dates, times and registration links below. We ask that you share these opportunities with your membership.

Also, important to note that Classification Reference Groups will be discussed in the classification forums. Details will be shared as to the new procedure for these groups and application forms will be distributed following the close of our forums.

If you have any questions, please do not hesitate to reach out to a member of the OSBCU Executive Board.

In Solidarity,

Laura Walton

President, OSBCU
