Resist Cuts, Reclaim Schools

Provincial Government underfunding of Ontario's schools has led to a serious understaffing crisis in the publicly funded and delivered education system leaving schools without the services and resources necessary for students. The provincial government and school boards want to **cut more staff** along with the **paid sick leave** and **benefits** of CUPE members. This is part of a political agenda to cut funding even further and privatize publicly funded and delivered education in Ontario. The health and safety of students and staff is at risk.

I will join my co-workers on strike if necessary to win a contract that addresses the **violence, understaffing** and **workload crisis** in schools because of inadequate funding for publicly delivered education. I understand that this pledge will only be made public when 65% of members in my local sign.
